RPX’s Warehouses Classifications

RPX’s airport transit warehouses has a strategic location within the “line 1” of Soekarno Hatta International Airport, and it is also registered and certified as a bonded and non-bonded customs area.

Cargo Building - RCB 1

- Line 1
- Non-Bonded Area
- Operate: Domestic Cargo

Cargo Building - RCB 2

- Line 1
- Full Bonded Area
- Operate: Export, Import, RH (Rush Handling), and PJT (Perusahaan Jasa Titipan)

Airport’s Area Classifications

“Line 1” (“Lini 1”)

- Integrated directly with the air door

“Line 2” (“Lini 2”)

- Not directly integrated with the air door

Customs Classifications

Bonded Area

- Areas that have been registered by customs and directly supervised by customs

Non-Bonded Area

- Areas that are not registered by customs, and usually only handle domestic cargo
